

IN THE SPECIFICATION:

Page 11, l. 7; after 'circumstances', insert ---where the advanced knowledge of meteorology, climatology, cloud physics, cloud formation, cloud evolution, rain formation, speed and direction of wind and cloud dispersion of various aspect in each season must all be applied to achieve successful outcome---;

Page 11, l. 10; after 'follows', insert --- operate in appropriate sequence---;

Page 11, l. 11; before 'to activate', insert --- which is---;

Page 11, l. 12; before 'to stimulate', insert --- which is---;

Page 11, l. 14; before 'to initiate', insert --- which is---;

Page 11, l. 16; before 'to enhance', insert --- which is---;

Page 11, l. 17; delete 'attacking', and insert --- which is to attack---;

Page 11, l. 19; delete 'attacking', and insert --- which is to attack---;

Page 12, l. 7; before 'tons', insert ---from aircraft---;

Page 12, l. 25; before 'tons', insert ---from aircraft---;

Page 13, l. 16; after 'dispersing', insert ---from aircraft powder of---;

Page 13, l. 17; delete 'from', and insert ---to ---;

Page 13, l. 28; after 'dispersing', insert ---from aircraft powder of ---;

Page 14, l. 6; before 'dry ice', insert ---flakes of--; after 'dispersed', insert ---from aircraft--;

Page 14, l. 11; before 'rain-shadow', insert ---so-called---;

Page 15, l. 9; delete 'or', and insert ---which is---;

Page 15, l. 10; after 'feet', insert ---and higher---;

Page 15, l. 11; after 'dispersing', insert ---from aircraft--; after 'tons', insert ---of powder---;

Page 16, l. 3; after 'dropping', insert ---from aircraft---;

Page 17, l. 4; after 'iodide', insert ---from aircraft---;

Page 18, l.5; after 'dispersing', insert ---from aircraft--; after 'the', insert ---powder of--.
